Fascial Dry Needling

Workshop Level 2:

**Application of Dry Needling and
Trigger Point Release** *for pain in the
lung field, pelvic floor, hands and feet.*

Certification in Dry Needling

This elite series of Fascial Dry Needling workshops are designed to teach treatments for patients with enigmatic and myofascial pain disorders. Following successful completion of a written examination, each participant will also receive an official certificate allowable under the rules and regulations of individual state licensure boards. CEUs are offered by the approval of the OPTA and may be transferable. Please consult the legal authorities of your specific practice and state.

The Instructor:

Kyle Danemayer is a veteran physical therapist, having practiced and attuned his craft for 17 years in the Tri-State. He became the first therapist to Dry Needle in Cincinnati more than a decade ago. Since that time, he has evolved the procedure to include the myofascial network system, called Fascial Dry Needling. With a strong orthopedic, Craniosacral, TCM and Energy medicine background, Mr. Danemayer needles in a novel, gentle, and intuitive manner that yields unparalleled results.

The Facility:

In 2013, Mr. Danemayer started working within Family Tree Chiropractic and Wellness, a holistic care center owned by Dr. Gregory Pitman. The Family subscribes to a multidisciplinary model with a common mission to restore the patient's own, natural God-given ability to heal.

What you will learn:

- Hands on physical examination/myofascial release techniques
- The Fascial Dry Needling Difference
- EFT (Emotional Freedom Technique)
- Dry needling techniques by demonstration
- Integrative, holistic, evidence-based pain care
- “Listen” to the body through Fascia
- Following the Fascial pathways and the magic connecting points
- Billing and re-imburement for services
- How to duplicate the holistic model at Family Tree Chiropractic and Wellness

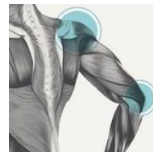

Hotel Accommodations:
